www.tricitiescrimestoppers.org

Tri Cities Crime Stoppers has created a tool to help remind customers not to make it easy for car prowlers and auto thieves.

These signs are ideal for reminding customers not to leave car doors unlocked or windows rolled down. It also sends a message that you as a business are doing your part to provide a safe place for your customers and employees.

These metal 12" x 18" signs are available for installation on your property for the low price of just \$15.00 each (installation is not included). Signs are made of heavy metal and are predrilled for installation.

Ordering Information

Please send me _____ signs at \$10.00 each for a total of _____.

Business Name: _____
